Deadly Weapons and Dangerous Instruments policy*

The Board may enter into cooperative programs and agreements with local law enforcement agencies under which law enforcement personnel may be provided access to schools and school system facilities and functions for the purpose of promoting compliance with the law and the security of schools and school system premises; however, school resource officers and law enforcement officials serving in like capacities are not employees or agents of the Board and do not work or execute their duties under the supervision or at the discretion of the Board or its administrative personnel. Local law enforcement personnel and school resource officers (SROs) are only persons authorized to bring or possess deadly weapons or dangerous instruments. Any student or personnel who violate this policy may receive maximum penalties, notwithstanding criminal penalties, and consequences as stated in the district's Code of Honor up to expulsion for students and termination for district personnel.
