The i3 Academy organization’s Federal Programs are consolidated and coordinated to address prevention/intervention strategies in the acquisition of high content standards and to provide educational excellence for each student. All students receive core, Tier I reading and math instruction through the regular classroom. i3 Academy uses the pullout approach in the Title I elementary setting to supplement core reading and math instruction for students who qualify. The Title I program serves as i3 Academy’s Tier III Intervention program. In this pullout program, teachers are working with Really Great Reading, a scientifically-researched based program, for 30 to 50 minutes each day, depending on the age of the child. In addition, other students on the matrix may be served through supplemental tutorial services. Others down the matrix may receive Tier II intervention in the classroom with their regular education teacher with iReady, SIPPS, AMC, and/or Do the Math programs. Teachers maintain the information throughout the year and the completed information moves from one grade level to the next. Each student's progress is closely monitored by classroom teachers, instructional coaches, and interventionists. Informal observations and formal and informal assessments, such as teacher-made tests, QRI, etc. are used to assess student progress. If adequate progress is not
being made, adaptations are implemented and additional accommodations in the regular classroom may be recommended. The students will remain eligible in the program until they meet the following criteria:

- Ability to score at or above grade level work on iReady assessment
- Ability to score at or above grade level work on comparable subject-specific assessments.
- Skills necessary to perform in the regular classroom.
- The approval of the data team

The organization has strong instructional support services that provide support and structure to the regular classroom teacher. All educational support services are available, regardless of disability or national origin, for all students according to need. Locally funded instructional support teachers and aides, as well as Title I, Special Education, serve any disabled, migratory, homeless, immigrant, neglected, or delinquent youth and other children at risk. These teachers and aides monitor student progress, consult with classroom teachers on effective and multiple strategies for students with activities such as homework, organizational skills, and test-taking strategies, and refer students for services to meet individual needs. As part of the instructional support services team, the English Language Learner teachers provide instruction in English for eligible students. This program is designed to help ELL students develop listening, speaking, reading, and writing skills in English to allow them to compete with their English-speaking peers academically and to participate in the mainstream activities of the school. Students with disabilities and ELL students are eligible for services provided by the Title I programs in the same way as any other student.
