Purpose of i3 Academy’s Homeless Education Program

Homeless children and youth will be provided the opportunity to receive a free and appropriate public education regardless of their residency status. The program will ensure that these students are afforded equal access to academic and other services that will allow them to meet the same challenging state achievement standards as non-homeless students.

The program provides procedural guidelines to ensure that homeless students are not denied enrollment due to the lack of registration documentation at the time of enrollment. Homeless children and youth, including preschool age children, will be enrolled immediately pending obtainment of necessary documents. The school counselor will assist parents, guardians, or unaccompanied youth in obtaining proper documentation.

i3 Academy’s homeless education program makes every effort to provide homeless children and youth with a stable school environment by enrolling students in the school of origin and providing them with transportation to and from the school of origin. Provisions are made for parents, guardians, or unaccompanied youth to decline enrollment in the school of origin.

The Homeless Liaison will ensure program implementation and coordinate efforts to ensure that homeless children and youth, including preschool age children, are provided the opportunity for academic success.

Identification and Registration Procedures

Homeless children and youth are often undetected. The school will conduct training sessions with appropriate school personnel to inform them of methods of identifying homeless children without stigmatizing terminology. The school will use a Residency Questionnaire (Appendix A) to facilitate identity of homeless children and youth, as well as preschoolers. The parent, guardian, or unaccompanied youth will complete the Residency Questionnaire at the time of registration. The school counselor may provide appropriate assistance to the parent, guardian, or unaccompanied youth in answering the questionnaire if necessary.

A copy of the Residency Questionnaire must be submitted to the Homeless Liaison. The school will maintain the original form in the student’s permanent record for auditing during the school year. This form will also be housed in the school counselor’s office and in the school nurse’s office.

The parent or guardian may enroll a homeless child or youth with or without proof of residency, birth certificate, social security number, immunization record, or school records. The school counselor will provide the parent, guardian, or unaccompanied youth appropriate assistance in obtaining the necessary records and documents for enrollment. Enrollment without the required immunization record will be pending receipt or acquisition of immunization documentation.

A homeless, unaccompanied youth may enroll himself/herself. In this case, the school principal or designee will immediately contact the Homeless Liaison to report the enrollment of an unaccompanied youth. The school will provide the youth with proper assistance in the language that the student understands. The Homeless Liaison will assist the unaccompanied youth in obtaining eligible educational services (Appendix B).
The application process for free and reduced priced meals can be expedited for homeless children and youth. The determination for free meals may be made without completing the full application process.

Identification of Homeless Preschoolers

The Homeless Liaison will collaborate with local community service agencies (e.g. Head Start, Department of Human Resources, Health Department, faith-based organizations, the court system, etc.) and school personnel to identify homeless preschoolers. The school will include homeless preschoolers and children in the “Child Find” process as required by the Individuals with Disabilities Act.

School Placement

i3 Academy will make school placement decisions in the “best interest” of the homeless child or youth. Students will continue in the school of origin for the duration of homelessness when a family becomes homeless between academic years, during an academic year, or for the remainder of the academic year if the child or youth becomes permanently housed during an academic year. Students may enroll in any public school that non-homeless students who live in the attendance area in which the student is actually living are eligible to attend.

If a school enrollment decision is contrary to the wishes of the child or youth’s parent/guardian, the school will provide the parent/guardian or unaccompanied youth with a written explanation of the decision, a statement of the right to appeal, and the procedure for appealing the placement decision. The complainant must file a School Enrollment Dispute Form (Appendix C) with the school in which the student is presently enrolled. The principal of this school will notify the Homeless Liaison of the dispute and take steps to resolve the dispute.

When a dispute arises regarding school placement, the school will immediately enroll the homeless student in the school in which enrollment is sought by the parent/guardian or unaccompanied youth, pending resolution of the dispute. The Homeless Liaison will expeditiously take steps to resolve the dispute (Appendix D). If the dispute cannot be settled by the Homeless Liaison, the liaison will assist the complainant in seeking technical assistance from an appropriate service agency.
